

January 12, 1979

Memo to File:

RE: Probe Mine
Atlas Minerals
Emery County, Utah
ACT/015/011

An inspection of the mine site was made by Ron Daniels and Mary Ann Wright on January 11, 1979. Gretchen Siefied, surveyor at the mine, showed us a map of the surface facilities. The waste dump and channel diversion were inspected and appeared to be in accordance with the mine plan.

MARY ANN WRIGHT *MAW*
RECLAMATION BIOLOGIST
